Indexation of charges and fees:

The Bank links the calculation of the fixed charges and fees (including the minimum and maximum amounts) indicated in the present List of Conditions - except for the fixed charges and fees listed under the sections III. Securities conditions - to the average consumer price-index yearly announced by the Hungarian Central Statistical Office regarding the preceding calendar year. The amount or rate of such charges and fees shall be indexed each year from the 1st day of April automatically to the average consumer price-index applicable for the preceding calendar year. The indexed charges and fees shall be published each year in the present List of Conditions on or before the 1st day of April. Charges and fees shall be rounded off to the nearest whole HUF, or if determined in EUR, USD, CHF, JPY or GBP to the nearest two decimal points, according to the general rules of rounding off. The Bank reserves the right not to apply indexation of charges and fees on one or more occasions regarding specific group of Clients or certain types of services.

## Precondition for Preferred Private Customer status

The aggregate balance of the Preferred Private Customer's accounts managed by the Bank must be at least **HUF 70 000 000** on the last banking day of the second month of a calendar quarter. If the aggregate balance of the Preferred Private Customer's accounts does not reach **HUF 50 000 000** on the last banking day of the second month of a calendar quarter, the Bank is entitled to reassign the Preferred Private Customer to Retail Customer status.

On the last banking day of the second month of each calendar quarter the Bank checks the aggregate available balance of all the Preferred Private Customer's accounts kept at the Bank. When calculating this aggregate balance, the Bank takes into consideration the balance of the Preferred Private Customer's bank accounts, deposit accounts, fixed-term deposits, and securities accounts (based on the current market value of the securities). If some or all of the sums deposited in the Preferred Private Customer's accounts listed above are recorded in a currency other than Hungarian forint (HUF), the Bank shall take their HUF equivalent value into account, calculated at the prevailing mid-rate of exchange quoted by the National Bank of Hungary (MNB). The Bank expressly reserves the right to decide whether to reassign Customers to Retail Customer status. The reassignment is not automatic.

If the Bank reassigns a Preferred Private Customer to Retail Customer status, but the Preferred Private Customer does not accept the reassignment the Preferred Private Customer is entitled to terminate the frame agreement on the provision of financial services for key account private customers within 60 days from the receipt of the notice of reassignment. In case the Preferred Private Customer accepts the reassignment the Preferred Private Customer must conclude the frame agreement on the provision of financial services for key account retail customers with the Bank within 60 days from the receipt of the notice of reassignment.

Only Preferred Private Customers are entitled to use the Real Time Gross Settlement (RTGS) transfer service and the Bank's Portfolio Management service. If a Preferred Private Customer is reassigned to Retail status from Preferred Private Banking status, the frame agreement on the provision of financial services for key account private customers and any other agreements attached to it become null and void with the signing of the frame agreement on the provision of financial services for key account retail customers.

The Bank expressly reserves the right to unilaterally modify, in accordance with section XIX.19. of the Bank's General Business Conditions, the terms contained in this List of Conditions pertaining to Preferred Private Customers.

When determining the specific interest rate that is to be applied within the interest bands specified in this List of Conditions, the Bank decides on the matter by taking into account the information available to it on the Customer (based on the Know Your Customer principle) as well as other factors that are relevant from the point of view of customer risk. When establishing the terms and conditions to be applied, the Bank takes the following circumstances into account:

- The value of the Customer's assets managed at the Bank. Assets managed at the Bank are to be understood as the entire assets available to the Customer on his bank, deposit and/or securities accounts.
- The Customer's account history, with particular reference to the length of time for which the bank account agreement has been valid, and to the turnover transacted on his account(s).
- The frequency with which the Customer uses the services provided by the Bank.
- The volume in which the Customer uses the services provided by the Bank.

The Bank reserves the right to unilaterally modify the fees and commissions specified in this List of Conditions in the Customer's favour based on a consideration of the above criteria.

### Premium investment

A financial instrument of fixed yield, where the principal amount may be converted to another currency depending on the changes of reference exchange rate.

<b>Minimum transaction amount</b>	HUF 3 000 000 / EUR 12 000 / USD 15 000 / CHF 15 000
<b>Conditions in respect of individual deposit transactions</b>	Based on individual agreement

Premium investments cannot be released prior to maturity. If the Customer terminates the agreement, the Bank can extend a loan to the Customer in lieu of the investment (which serves as collateral of the loan), in accordance with the General Business Conditions.

Premium investments are available for our clients who have signed the appropriate Treasury deposit framework agreement.

Each scheme offered assumes that the investment will be opened on the same day, and will stay valid provided market conditions (primarily the spot rate) remain unchanged.

#### Formula for calculating the yield:

$$\frac{\text{capital} \times \text{yield in \%} \times \text{number of days}}{36\,500}$$

When calculating the yield, the Bank takes the day of opening the investment as the starting date, and the day prior to the maturity of the investment as the closing date.

<b>Smallest amount of structured deposit</b>	HUF 10 000 000 or its equivalent in foreign currency
<b>Conditions in respect of individual deposit transactions</b>	Based on individual agreement

Structured deposits cannot be released prior to maturity. If the Customer terminates the deposit agreement, the Bank can extend a loan to the Customer in lieu of the deposit (which serves as collateral in the form of a security deposit), in accordance with the General Business Conditions. Structured deposits are available for our clients who have signed the appropriate Treasury deposit framework agreement.

Given the nature of the structured deposit scheme, the condition for opening each structured term deposit is that the following minimum amounts (intended by clients to be used for opening a structured deposit) have been made available to the Bank.

DNT/RAC/one touch deposit:

- Depending on term and currency.
- For HUF term deposits: 1 month – HUF 250 M, 3 months – HUF 150 M, 6 months – HUF 40 M, 12 months – HUF 20 M.

Each scheme offered assumes that the deposits will be opened on the same day, and will stay valid provided market conditions (primarily the spot rate) remain unchanged.

**Formula for calculating the deposit interest:**

$$\frac{\text{capital} \times \text{interest in \%} \times \text{number of days}}{36\,500}$$

When calculating the interest, the Bank takes the day of opening the deposit as the starting date, and the day prior to the maturity of the deposit as the closing date.

Pursuant to the statutory provisions, partial payments from the account may only be effected at the end of the 3rd year from account-opening, whereas withdrawal of any funds at other points in time shall result in the termination of the account.

A Stability Savings Account ("SSA") consists of a stability savings securities account and a stability savings cash account, which may be opened only and exclusively in Hungarian forints. Simultaneously with the opening of the SSA, the accountholder (who must be a natural person) is expected to pay an amount of at least HUF 5 million to the SSA cash account in the form of a cash deposit or credit transfer (GIRO). If the above amount is not credited to the account on the date of account opening, the account will be closed. You may deposit any amount to the SSA cash account only once, on the date of account opening; however, you may as well open several SSA accounts, provided that the preconditions for account opening are satisfied in respect of each particular account.

Apart from cash withdrawal orders (in the form of account transfer), no other payment orders may be given in respect of the SSA cash account.

### Taxation issues

The amount deposited by a natural person to an SSA cash account shall be regarded as income acquired in the moment of the deposition and originating in Hungary, unless there is an international agreement to provide otherwise.

The amount deposited upon the opening of the SSA, the yield of the investment instruments registered in the securities sub-account and the gain of the transactions carried out with the securities shall be subject to the payment of **personal income tax**, whose measure is identical with the measure of tax payable on the interest revenues of natural persons as of the first day of the year when the tax liability is generated. The obligation of tax payment shall arise when the account-keeping bank makes a payment from the SSA account to the accountholder.

If the length of time between the moment when the tax payment obligation arises and the time of deposition to the SSA

- is less than 3 years, then the basis of tax payment shall be 200% of the withdrawn amount,

- is at least 3 years, but less than 4 years, then the basis of tax payment shall be 100% of the withdrawn amount,
  - is at least 4 years, but less than 5 years, then the basis of tax payment shall be 50% of the withdrawn amount,
  - is at least 5 years, then no tax payment obligation will arise in respect of the withdrawn amount,
- provided that upon the withdrawal of any securities recorded in the account the usual market value of the withdrawn securities shall also qualify as amount paid to the customer.

Apart from the obligation of personal income tax payment, there are no other dues or charges of a similar nature payable in respect of the SSA account.

The taxes payable on the income will be established, withheld and paid by the account-keeping banks, who will report the same to the tax authority in a gross manner, as a liability that cannot be linked to private individuals. Account-keeping banks will disclose data to the tax authority on the opening of SSA accounts and the payments made to such accounts without identifying accountholders.

On the cash deposit made to the SSA, and any payment from such account, the account-keeping bank will within 8 days of the cash deposit or withdrawal issue a certificate and hand it to the accountholder.

## Miscellaneous

For the event of death of the accountholder, one or more beneficiaries may be identified in respect of the SSA. Beneficiaries may be identified in a special form dedicated for this purpose. If a beneficiary is identified, the SSA account shall not constitute a part of the estate.

If payment is made from an SSA account to a beneficiary or heir, then in accordance with Art. 39/B of Act CXCV of 2011 such beneficiary or heir shall be regarded as an accountholder, and the deposition made by the accountholder shall be regarded as a deposition made by the beneficiary or heir, for the purposes of tax payment obligation. Apart from the tax payment obligation as per Art. 39/B of Act CXCV of 2011, a payment from the SSA account to the beneficiary or heir shall not incur any other dues or charges of a similar nature.

Transaction orders may be given in the following channels: Orders may be given only and exclusively in-person, via your investment advisor, or in a tape-recorded telephone conversation. No orders given through the Bank's other sales channels (e.g. Raiffeisen Direkt, DirektNet) will be accepted.

## **XVIII. Information regarding the RTGS (Real-Time Gross Settlement) regulations of the National Bank of Hungary**

### **Procedural rule 1**

If the sender bank has received the order from the customer for same-day performance, the bank shall submit it to the National Bank of Hungary (MNB) within 2 hours of receipt of the order but no later than the RTGS deadline specified for the receipt of customer orders, while also providing the appropriate coverage. If Bank received the order before the start of RTGS operating hours, the 2-hour performance deadline will be calculated from the moment that RTGS commences operation.

### **Procedural rule 2**

In the case of customer orders submitted with a future value date, the RTGS member shall provide coverage within 2 hours of the start of RTGS operation on the given value date.

### **Procedural rule 3**

RTGS members shall credit orders sent from RTGS to customers immediately, but no later than within 2 hours after the order comes to the member's attention, so that it will be a same-day order and that the received amount may provide coverage for the customer's same-day transfers. In the event that the order is received after the effective closing date of RTGS customer items, the RTGS member receiving the order shall credit the amount on the same day. In accordance with the deadlines stipulated in the effective statutory regulations on cash flow (in accordance with the rules pertaining to the Interbank Clearing System operated by Giro Elszámolásforgalmi Rt.).

### **Procedural rule 4**

If for any reason (e.g. a bank account error) the RTGS member is unable to credit the received order, the RTGS member shall retransfer the received credit to the sender bank via the RTGS system, if possible on the same day but no later than on the banking day following receipt, within an hour-and-a-half following the start of RTGS operating hours, together with a standard message and the appropriate standardised error message.

### **Procedural rule 5**

The recipient RTGS member may not make corrections to the received order prior to the crediting of the customer account. If the sender bank asks the order to be retransferred prior to the crediting of the customer account due to a technical error (e.g. duplication of order), the recipient RTGS member shall, upon the sender member's signal, return the order with a standard retransfer code in exchange for a simultaneous written confirmation by the sender member (which contains data that can be used to unequivocally identify the given payment order). If the customer account has already been credited, the recipient RTGS member, upon the sender RTGS member's signal, shall commence discussions with its own customer without delay in order to retransfer, as soon as possible, the amounts that have been credited due to the fault of the sender; however, even in this case the recipient RTGS member may not correct the received order.
