##### 1.2.2. Operation of the Automatic savings

In the framework of the Regular Savings Program the Bank automatically debits the Customer's bank account with the savings, and - in default of different order - credits the savings to the Customer's Savings account. Savings are created on the basis of all bankcard transactions completed by the Customer and booked by the Bank the following way.

The transfer of the automatic savings will be executed when the Savings Account is not closed and available. When Savings Account is closed until the beginning of the automatic booking, the automatic savings transfer will not be executed.

The savings connected to the booked bankcard transactions are transferred summed every day – the Bank does not execute partial transfers - to the Customer's Savings Account after the booking of the card transactions in the following way:

Transaction period (Booking day of the bankcard transactions):	Daily
Transfer of automatic savings	Daily
Default saved amount connected booked bankcard transactions:**	HUF 500
Required balance*** on Raiffeisen bank account specified in Customer's contract or in a separate statement by the end of the day (amount in HUF)	Saved amount x Number of bankcard transactions booked in the transactional period

\*\*The saved amount can differ from the default amount based on the Customer's instruction specified in the Customer's contract or in a separate statement.

\*\*\*If the required balance is not available on the Customer's bank account at the time of the automatic transfer, the Bank will make an attempt to retry the transfer after the daily closing process.

The Bank doesn't fulfill the automatic transfer from overdraft.

### 1.2.3. Transactions that could be the basis of the automatic savings

where

n: number of interest payments

r: the value of EBKM

t<sub>i</sub>: the number remaining days from the day of the deposit allocation until the i<sup>th</sup> payment

(k+bv)<sub>i</sub>: the sum of the paid interest and the repayment of deposit amount paid on the i<sup>th</sup> payment
